

NINA POPOVICI

AP Graduate in Multimedia Design and Communication

STATEMENT.....

I am a dedicated designer and visual artist looking for opportunities to learn and put my skills to good use. I have a rich background in visual arts and graphic design but I'm looking for work as a multimedia designer, where I can apply the skills that I already have but also the ones that I recently acquired from KEA University. I have recently graduated Multimedia Design and Communication at KEA, in Denmark. I have re-located in the UK with pre settled status.
